REPORT OF LIBRARY TRUSTEES.

TO THE CITIZENS OF THE TOWN:

In making our report for the year we would call attention to the changes in equipment that have made the work of the library of greater value to the town. In October we moved into the new building presented to the town by Miss Adelaide L. Merrill.

This building, with its comfortable and well stocked reading rooms, is admirably adapted for the work, and is a noble memorial to one of our former citizens.

An evidence that it is being appreciated is seen in the number of young people who visit the reading rooms and use the papers and magazines found there. The effort will be made to make these rooms as helpful as possible to all who come and we trust the number of attendants may be increased.

A reference to the librarian's report which follows will show a very large increase in circulation during the past year.

LIBRARIAN'S REPORT.

Trustees of the Byron G. Merrill Library:

The following report is respectfully submitted :

Number of volumes in the library February 1st., 1905, 2753 ; 199 volumes added since February 1st., 1904 ; of these 57 were donated, 13 volumes being the gift of Adelaide L. Merrill, 32, reports of Fish and Game Com., of Mrs. Hodge, 4 of Mrs. Vernon Atwood, 2 of Mrs. Dix, Lancaster, Mass, 4 of State Library, 1 of Charlie Frost, Boston, and 1 of J. H. Bridge.

Circulation of books from April 1st., 1904, 2418 fiction, 232 non-fiction ; total 2650. Largest number taken out in one month 372. Average a month 265.

SCHOOL REPORT.

The school year just closed has been as a whole very satisfactory to the school board and apparently to the parents also.

The progress made compares favorably with preceding years and in most cases we have been very fortunate in securing faithful and efficient teachers.

In some of the schools we have had the same teacher during the entire year, which is always a most satisfactory arrangement if good work is being done. We consider a frequent change of teachers detrimental to any school although at times it is a necessity.

We have given to our pupils one hundred and twenty-one Roll of Honor badges and the registers as a whole show less absent and tardy marks than last year. If the parents will realize the fact that prompt attendance each session of school is necessary if we wish to secure the best results from our schools and that the late and absent ones not only injure themselves but the whole school, I am sure the registers will make a much better showing next year.

I would like to describe in detail some of the work done in our schools but space forbids. In two of them about 80 per cent. were on the Roll of Honor; new supplementary readers have been purchased and the improvement in reading has been pleasing; the work in arithmetic has been very thorough, while the amount of map drawing, language work, etc., shown us while visiting the various schools proves they have indeed been busy, and what child is not happy while thus employed?

The schoolroom at East Rumney has had more blackboard added, the plastering patched and walls papered. At Quincy new and comfortable seats have been set, while many of those taken out have been used where needed in other schoolrooms, and the supply room there has also been finished. The village school house has been shingled and a few other necessary repairs made. At the Depot a substantial wire fence with stone posts has been put up and the supply room finished. The room at

Mont View has had a new coat of dressing and a new sink put in place.

We have maintained six schools of thirty-one weeks each with one exception.

We wish to cordially thank pupils and parents for their hearty cooperation which has, in most instances, made our task a pleasant one.

The whole number of pupils registered during the year is one hundred and thirty-three with the following on the Roll of Honor :
